## PERSONAL PROJECTS

### PortFolio

- <https://rupamsutar.github.io/Portfolio/>
- Do check my projects portfolio where I've displayed all the projects I've worked on

### Be a Bankist

- <https://rupamsutar.github.io/beABankist/>
- There are four users registered on this app. [user: rjs, pin: 1111], [user: pvn, pin: 2222], [user: sbg, pin: 3333], [user: abj, pin: 4444]. Users can transfer Money, take a loan or delete the account. I learnt and gained command over javascript in this project

### Great Quotes

- <https://rupamsutar.github.io/Great-Quotes>
- I have developed this application so as to assemble all the great quotes from all of my friend. This is a full stack application where even you can add the quotes of your choice. The data is stored on firebase, Extensive use of React Router has been made to build this product.

### MyYuMeals (Zomato Clone)

- <https://rupamsutar.github.io/MyZomato>
- Here I've tried to develop a food order app which gets inspired from online food delivery services like Swiggy and Zomato in India. I have tried to use many react concepts like hooks and api context to complete the app. Currently I am trying to add a bit of backend to it!
